

# 100kW EMS communication station for safe city

## Overview

This 215KWh/100KW it features BMS/EMS for cell-level monitoring, peak-valley arbitrage, demand management, and backup power. Product Datasheet Download Experience enhanced performance and smart thermal management with the Sunway 100kW/261kWh Liquid-Cooled Energy Storage System. Engineered for high-capacity commercial and industrial applications, this all-in-one outdoor solution integrates lithium iron phosphate. VERYPOWER Intelligent Energy Block, with a capacity of 100kWh to 215kWh, Built-in integrated EMS system and PCS, making it suitable for various scenarios such as small and medium-sized commercial and industrial use, villas, schools, and more. 100kW 215kWh BESS distributed energy storage system cabinet for industry and commercial UPS solutions Distributed ESS 215KWh is based on an All-in-one design theory, highly integrating LFP battery, BMS, PCS, EMS, power distribution system, temperature control system, and fire protection system. The. This is HT infinite power outdoor integrated Industrial & Commercial Air Cooling System 100KW-100 KWH battery storage ESS. Remote monitoring provides real-time data, while safety is ensured by aerosol fire suppression, liquid cooling, and IP54 protection. The AC voltage is 400V AC, which can provide peak-shaving, grid frequency adjustment, power expansion.
