

288-core pull-out fiber optic patch panel

Overview

The 288 port fiber patch panel ODFL288LC is a rack mountable fiber patch and splice panel designed to accommodate up to 288 terminations/splices. Standard panels are available in loaded and unloaded. FOLINK's Ultra Elite MTP fiber optic patch panels are the highest density modular patch panels are offered by SpringOptic. We can support customer MPO / MTP Multi-fiber Solutions, MPO / MTP Patch Cable, MPO / MTP Fiber Cassettes, MPO / MTP Trunk Cables, and MPO / MTP Fiber Patch Panel Chasis. The. Finish making your selections or clear them to view relevant specifications. You are about to download a machine translated document. The RM-288 Rack mount fiber. The 2U*19 inch 288core guide Smoked pull High density Fiber Optic Patch Panel (product name GPX51) provided by ADTEK adopts guide rail pull-type design, front and rear with revolving doors, and has two functions of fiber fusion and wiring. It is applicable to fiber intersections between an optical transmission network and optical transmission devices as well as between optical cables in an access networks. Applications The product series.
