

Cameroonian manufacturer of optical fiber cables for smart buildings

Overview

YOA Cable, Africa's largest optical fibre cable manufacturer, is known for delivering world-class optical fibre products and exceptional customer service. With a dielectric, weather-resistant sheath, it withstands environmental factors, providing secure, high-capacity data transmission without extra support wires. A duct fiber cable is a rugged fiber. Decko provides a full spectrum of contract services to communications companies from engineering and construction to cable installation and splicing and system support. We anticipate market needs, innovate and constantly refine our manufacturing processes and products to deliver faster speeds and more flexible. The country is connected to five optical fiber submarine cables (SAT3, WACS, ACE, SAIL, and NCSCS). In a recent report on the country's digital industry, the International Finance. Our technological heritage includes the first to market offerings for many of the fiber optic products that meet today's industry standards. Use it as a fast shortlist when planning new FTTH/FTTA or data-center builds.
