

Composite Optical Cable Specifications

Overview

This document establishes the specification requirements for composite cables consisting of a copper twisted-pair cable and a tight buffered distribution fiber optic cable combined under one common UV resistant jacket. Premise communication applications indoor or outdoor in. ActiFi is a Class 3-rated composite cable that supports low-voltage (Class 2, 57 VDC/100 V) as well as bulk power solutions. Because ActiFi hybrid cable can reach distances of over 2,000 feet, this cabling option is also ideal for long-reach or remote applications, such as security cameras in. Fiber Optic Cable, Outdoor Micro Cable for Air-blown installation, Central Tube All-Dielectric Fiber Optic Cable, Outdoor Micro Cable for Air-blown installation, Stranded Loose Tube All-Dielectric Fiber Optic Cable, Indoor/outdoor Low Smoke Zero Halogen, Central Tube Armored Fiber Optic Cable. applications indoor or outdoor in duct. Copper pairs suitable for use in all Class 4 fault-manage power systems such as Pulse Power, Digital Elec ivers)-SM OS2 dance, C to C: 100 Over Insul. Corning ActiFi® cables also provide a time- and cost_x0002_saving solution. Through two renowned commercial brands - Prysmian and Draka - based in almost 100 countries, we're constantly close to our customers, enabling them to further develop the world's energy and telecoms infrastructures, and achieve sustainable, profitable growth. Overhead optical fibre cable systems. Established in 1992, FibreFab is a leading provider of fibre optic connectivity products used in data communications and Telecommunication networks.
