

Customized High and Low Voltage Complete Sets of Equipment for Indonesia

Overview

This solution covers a complete set of power equipment from low-voltage distribution cabinets, high-voltage switchgear to transformers, automation control systems, etc., aiming to provide comprehensive and customized power solutions for various users. Back in 2000, when ALSTOM T&D manufacturing of GALAXIS switchboard, was performed in the Indonesian plant in Pulogadung industrial area near Jakarta, for Tunu VII and Tunu VIII offshore gas platform projects. Since then this division moved to COMECA Group, and the Indonesian operations moved from. High Volt Technology (HVT) is specialized, innovative and independent company in installation, testing, commissioning, monitoring, diagnosis, assessment and maintenance of High Voltage Equipments. HVT emerged as worldwide service provider for installation, testing, commissioning and on site HV test. 25 Long Years Of Manufacturing Excellence With Quality At It's Best! We are Eatech Power System, which means we will find Everything you want like a supplier or create a new one. We have an accomplished technical group that will advise and supply the best possible solution for your industrial power. As a SIEMENS Licensed Partner and authorized distributor for leading brands including Danfoss, WEG, and Watts, we deliver one-stop power solutions built for long-term operational excellence across various industries. We specialize in custom-designed Medium Voltage (MV) and Low Voltage (LV). We are dedicated to delivering cutting-edge switchgear, panel and energy storage solutions that redefine efficiency, reliability, and safety. In the beginning, supported by leading domestic cable manufacturers, the company supplied various types of power and telecommunication cables to PT PLN (Persero), either directly or through its main.
