

Finnish Vertical Explosion-Proof Distribution Box

Overview

BXM (Explosion Proof) Distribution Box is a standard distribution box for Heat Trace Cable b of electricity antifreeze, using a hanging or vertical box structure, power cable entry at the bottom of the box, IP54 protection Level, a variety of air circuit breakers are. BXM (Explosion Proof) Distribution Box is a standard distribution box for Heat Trace Cable b of electricity antifreeze, using a hanging or vertical box structure, power cable entry at the bottom of the box, IP54 protection Level, a variety of air circuit breakers are. Atexdelvalle offers world-class explosion-protected solutions guaranteeing highest quality and performance with no compromise. Manufacture custom made Local Control Stations & Distribution Boxes, local control panel boards and stations, explosion protected control units, distribution. Safely conduct, connect and distribute energy in hazardous areas with R. We offer bespoke, custom-made terminal boxes and terminal box combinations, as well as standard products with short delivery times. Leading to revitalize national explosion-proof industry, Warom Technology is marching forward to the great goal of creating a world brand. Polyamide cable glands mounted in threaded entries ensure high ingress.
