

Flame-retardant cable trays available for supply

Overview

Find reliable flame retardant fire resistant trough cable trays with customizable options. Effective protection of cable systems around the world: our tried-and-tested FLAMMOTECT-A and DG-CR 0. 7 products are successfully used to protect cables in high-rise buildings, industrial buildings, and offshore facilities as well as in sensitive areas, such as hospitals, airports, production. Kingdom Grating's FRP cable support systems offer a superior alternative to metallic systems prone to corrosion, such as rusty layers on iron and silver-greyish patina on aluminum. Our Aeron GRP cable ladders and GRP FRP cable trays are meticulously crafted on a fully automated heavy-duty plant. Basor Electric, sensitive to the need to minimize the consequences of a fire, has subjected its cable trays to rigorous fire resistance tests to ensure the behavior of its products. Its design supports cables and equipment, helping to ensure they do not collapse in the event of a fire. Do you need help with your purchase?

The HERMI team will be happy to advise you and help you find the most suitable solution for your situation. These specialized trays are becoming a cornerstone for reliable cable management in high-risk.
