

# High-density 4U rack-mount switches available now

## Overview

Features · High Density Connectivity - Modular, universal, tray-based system - Up to 288 LC duplex ports (576 fibers) in 4RU · Simplified Cable Management for Growing Networks - Integrated rear trunk cable management - Removable front patch cord management clips · Versatile. Features · High Density Connectivity - Modular, universal, tray-based system - Up to 288 LC duplex ports (576 fibers) in 4RU · Simplified Cable Management for Growing Networks - Integrated rear trunk cable management - Removable front patch cord management clips · Versatile. High Density 4U modular cassette sliding Panel, accepts (16) G2 modules or MPO panels, providing up to 192 duplex LC ports or up to 128 MPO ports Finish making your selections or clear them to view relevant specifications. You are about to download a machine translated document. To prove you're not. FHD® (FS High Density) 4U rack mount sliding fiber enclosure shall house, organize, manage, and protect fiber optic cables, fiber panels, fiber cassettes, and splices. The enclosure also enables. Optical Connectivity 1 DENALI™ Fiber Housings DENALI Fiber Housings support high-speed, high-density fiber network deployments today while enabling tomorrow's data centers to scale seamlessly with the demands of AI-driven infrastructure and accelerating cloud growth. This rack-mount device is designed with DiCon's proprietary 3D MEMS mirror technology and delivers industry-leading optical performance.
