

# How much does a laser diode cost in Canada

## Overview

Here are some general price ranges for laser diodes: Applications: Applications such as laser pointers or simple sensors. Price range: \$1 to \$10 per unit. Laser Diodes 905nm, 75W, 225m Invisible Pulsed Laser Diode. The wavelength, power, spectral qualities, package type, cavity type and quantity will all have an effect on the price. But the price can also be in the tens of. Newark Electronics Canada offers fast quotes, same day dispatch, fast delivery, wide inventory, datasheets & technical support. View inventory, pricing and order now for same day shipping! Laser Diodes | UV | 375 - 400 nm Laser Diodes | VIOLET | 405 - 415 nm Laser Diodes | BLUE | 420 - 488 nm Laser Diodes | GREEN | 510 - 520 nm Laser Diodes | RED | 635 - 655 nm Pulsed Laser Diodes (PLD) represent a very distinct niche market within the broader landscape of laser technology. The most common applications our products are scanners and range finding, which are used in such different fields as law enforcement (speed control), industrial automation (security).
