

How to remove blue hair from a cold-jointed hair patch

Overview

Try giving your hair a bleach bath to remove the majority of the blue dye all at once. You can also apply crushed Vitamin C tablets, dish detergent, and dandruff shampoo and baking soda, and white vinegar for some less-astringent ways to lighten those blue locks. The goal is a cleaner base, with as little damage as possible. Our editorial process ensures that the information we provide is well-researched and reliable. Learn about our commitment to quality in our editorial policy. Blue hair looks trendy, and it is a dream for many to. Let's explore some proven methods to help you transition away from your blue hair while keeping your strands healthy and happy. Why is Blue Hair Dye So Stubborn?

Blue dye molecules are often smaller and penetrate the hair shaft more deeply than some other. Blue is one of the most stubborn hair colours to remove, and it may take several attempts to completely remove it. We will also discuss the potential risks.
