

Huawei Ethernet Industrial Switches

Overview

Huawei CloudEngine S5735I-S-V2 series industrial switches (DIN rail-mounted) are next-generation industrial switches that provide flexible all-gigabit access and GE/10GE uplinks. They stand out with an industrial-grade operating temperature range to withstand harsh outdoor cabinet. Huawei's comprehensive portfolio of products and solutions enables you to realize smooth digital transformation and rapid growth of virtualization, Big Data, and cloud services. S5735-S and S5735-L switches are designed for enterprise. This business research report provides a comprehensive analysis of the Huawei industrial switch market, focusing on current trends, competitive positioning, and product performance as of 2026. withstand harsh outdoor environments. As such, they can be widely used in ultra-broadband operating temperature scenarios, such as smart manufacturing.
