

Model of protective sleeve for communication optical cable

Overview

The FP-03 series is the industry standard for durable and lasting protection of single fiber splices in field installations, while the FP-04 (T)/05 provide these same performance levels for 8/12 fiber ribbon respectively. Fujikura's Protection sleeve protects optical fiber fusion splices from impact and bending, contributing to stable communication quality. This products is made up of cross linked polyolefin heat-shrinkable tubes, hote melt tubes and Stainless steel needle. It is specifically designed for the protection of fiber optical.
