

New Zealand Rieter Construction Distribution Box

Overview

Our interconnectable 31, 63, and 125 amp per phase distribution boxes reticulate power through construction sites and all sorts of environments that require temporary power. All the watertight interconnection safety cables involved use standard plug and connector arrangements. Our product range of builders & meter boxes provides a durable and strong enclosure that stands out on the building site, making it easy for you to locate and fit your electrical. Site tools cover a range of hand operated tools for common applications in stripping, screwing, crimping, cutting, and testing. These range from standard power boxes for residential construction, through to customised options including caravan outlets for site facilities and three phase. Meter Boxes for your specific NZ location, All sizes and brands of Switchboards / Distribution Boards / Fuse Boxes. Mains isolating switches, point of entry boxes. See our Absolute Concrete manufacture a 300mm x 300mm precast distribution or valve box.
