

Railway Optical Cable Warning Sign

Overview

The Caution Overhead Fibre Label is a high-visibility warning sign designed to clearly indicate the presence of overhead fibre optic cables. It enhances safety and helps prevent accidental damage during construction, maintenance, or other work near aerial fibre routes. Designed to alert workers to buried fiber optic or communication lines, this triangular marker delivers 360° visibility and rugged performance in all weather conditions. Add your own custom warning text, company name, and emergency contact information. The image in the builder is for preview. Buried detectable & non-detectable warning tapes, high visibility reflective laminated labels & flexible line marker posts, soil markers, domed posts. Clearly identify vulnerable underground assets with durable ground-level markers. Bulk prices shown EXCLUDE VAT and any chosen options and are for base product only. These wall signs are vibrant, eye-catching, and will last in an industrial. This ANSI-format Fiber Optic Cable sign makes your Electrical message clear to employees and visitors. • Delivery is via tracked next day.
